

## **IN THE CLAIMS**

Replace the claims with the following rewritten listing:

1. (Currently Amended) A pair of adjustable pants comprising:  
at an end of each leg, an attachment strip of a first type and at least two attachment strips of a second type set back from the end of each leg such that the end of each leg can be folded back to form a hem, the attachment strip of the first type becoming fastened to one of the attachment strips of the second type; and  
at least two pockets at two different heights on each leg, each pocket being capable of housing a knee protector, wherein each leg has a reinforced outer area covering a whole of at least one of the pockets on each leg.
2. (Previously Presented) The pants as claimed in claim 1, wherein the attachment strips are positioned substantially parallel to an end opening in the leg of the pants.
3. (Previously Presented) The pants as claimed in claim 1, wherein the attachment strips are located on an inside face of each leg of the pants.
4. (Previously Presented) The pants as claimed in claim 1, wherein at least one of said pockets is positioned on an inside of the leg of the pants.
5. (Previously Presented) The pants as claimed in claim 1, wherein at least one of said pockets has a reclosable opening.
6. (Previously Presented) The pants as claimed in claim 1, wherein said pants have a belt comprising, at both ends, two belt attachment strips of a first type designed to attach on to two waist attachment strips, respectively, of a second type located on the waist of the pants.
7. (Previously Presented) The pants as claimed in claim 6, wherein said pants comprise a loop extending across an entirety of the back of the waist, to hold the belt.

8. (Previously Presented) The pants as claimed in claim 1, wherein the attachment strips of a first and second type are male and female textile attachment strips with hooks and loops, respectively.
